- 1.2 Enrolment priorities will be determined from time to time by the School Council. All enrolments are at the discretion of the Principal. The current enrolment priorities are:
- Siblings of current students (Current families)

Requiring information from parents/guardians about a potential student

- 1.3 Grace Lutheran Primary School may require knowledge of a potential student's additional social/emotional, behavioural or additional learning or support needs that are pertinent to the student (i.e. speech/language, occupational therapy, psychologist or audiologist) and/or other current medical issues (such as allergies, asthma, diabetes and information about any other physical or psychological impairment).
- 1.4 Grace Lutheran Primary School may require this information for the purposes of caring for their student's needs and ensuring they can monitor any particular issues once the student commences at the School. This information should be restricted to any medical information/condition that the school would need to monitor.
- 1.5 This information may also be required to assess if the School has the capability to meet the learning needs or support required for the student. This information should only be used in the decision making process for selecting a student for enrolment in accordance with the enrolment procedures.
- 1.6 The residency status and/or country of birth of a potential student should not be used in the decision making process for selecting a student for enrolment unless it is relevant to immigration laws or learning needs of the child (e.g. if non English speaking).

- 1.7 While the School's learning environment may benefit from an approximate equal number of boys and girls at each year level the decision about the student's enrolment should not be based on their gender.
- 1.8 A potential student's family situation, medical background, learning support requirements and social background should not affect the School's decision to accept student's enrolment unless:
- (a) There has been a thorough and documented consideration/assessment of what special services/equipment/devices would be required to meet the potential student's needs and if there are any reasonable adjustments that can be made (including the costs and other effects of meeting the student's needs or making reasonable adjustments) ;
 - (b) Grace Lutheran Primary School has consulted with the potential student's parents/guardians about the potential student's needs and any reasonable adjustments;
 - (c) After considering the potential student's needs and consultation with the parents/guardians it has been determined that the School cannot meet the potential student's needs, cannot make any reasonable adjustments and/or it would cause unjustifiable hardship to make the reasonable adjustments; and
 - (d) the reason why the School would not be able to provide those services are thoroughly documented and communicated to the potential student's parents/guardians.

All objections to enrolments will be thoroughly documented including the reasons for the rejection and the process undertaken (which should be in accordance with the enrolment procedure) in reaching the decision.
